# CHINESE THIPS CROSS GREAT WALL OF CHINA

## JEHOL GARRISON HOT IN PURSUIT SINO IRREGULARS

Speedy Explanation Japs 'Will Return to Manchukuo After Punitive Expedition.'

TOKYO, May 21.—Japanese troops are crossing the Great Wall to enter northern China on an "anti-bandit expedition," dispatches from Peking and Hankow said today.

The war office today issued a statement, however, that Japan has no intention of occupying Chinese territory and that the troops will return to Manchukuo as soon as "the bandits" have been punished and dispersed.

### ON PUNITIVE TRIP

The dispatches were vague as to whether the Japanese actually entered China, but it was known that units from the Jehol garrison were moving southward with the announced purpose of making a punitive expedition against Chinese irregulars at Peking.

Japanese military officials explained that 1,000 Japanese troops recently landed southern Jehol, and had been taken southward to the Great Wall by the Japanese army, and had been taken to Peking, where the demilitarized zone established by the Tangku truce of 1923.

### CHINESE BLAMED

Japanese authorities alleged the Chinese permitted the bandit leader, Sun Tung Ching, to remain at Peking, constituting a menace to the peace of Manchukuo and also violating the Tangku truce, making Japanese military action necessary.

### ROUTINE AGENDA

#### SCHOOL TRUSTEE PROPERTY BOARD

Routine matters concerning chiefly repairs to buildings occupied the attention of the school board property committee at a meeting in the Civic block Monday afternoon.

The committee approved the recommendation of H. Story, supply commissioner, to restructure the floor of the Victoria high school assembly hall at a cost of \$80.

A request from P. W. Abbott, K.C., managing director of the Exhibition Association, for the use of two frame buildings in the Crown department grounds, was discussed.

Mr. Abbott explained that the board desired to use the buildings for housing boys and girls between the ages of 14 and 21 who are put in a special program during fair week.

Instruction classes in connection with agricultural and household pursuits are on the program and there will also be contests between these attending.

Mr. Abbott said the board might consider the outright purchase of the larger of the two buildings.

The committee decided that the School Board would not consider the sale of the building at this time but will notify Mr. Abbott that rental for the period of the exhibition at a nominal rate of \$1 provided the Exhibition Board will spend \$50 necessary to repair the interior.

The committee also recommended to the school board that the old frame school building on Ross be sold and a call for tenders be made.

### "PLEASE" IS SUPERFLUOUS IN LONDON

LONDON, May 21.—Subway passengers are indignant because newly installed robots merely warn, over and over, "Please clear of the gate." They think there might at least be a "please" at the beginning or end.

As a matter of fact they did say "please" when first installed, but an efficiency man decided the extra word was superfluous.

## F. Crilley May Dive No More

SPRINGFIELD, Mo., May 21.—Infected with chain letter hysteria and stuck with a number of letters, two Springfield divers started what they chose to call a "drunk chain."

Each drank a highball at a tavern and passed on to a second tavern, each gathering a friend on the way and taking a second drink with him at the second tavern.

Then each of the trio rounded up another friend and the eight had a drink at the third tavern.

At the fourth place, the procession the originators were hastily trying to figure how long it would take to get the whole city drunk.

As the assembled crowd passed on to the fifth saloon the originators "passed out."

A similar chain, started in Edmonton on Saturday, met the same fate as the Springfield chain. The originators of the "drunk chain" of beer-beggers started out to corral their friends. The chain began to get wobbly after the seventh link had been forged. By the eighth link the chain was broken as the first weak link broke. From then on the originators failed to trace the progress of the chain, but according to reports of them, "It was good while it lasted."

## LABOR MEETING HEARS PROTEST POWER ACCORD

Engineer Denies Statements Supplied Connection With Agreement

Statements that maintenance costs of the city power plant would be increased, and that it would be necessary to install new equipment costing \$120,000 were denied by Alfred A. Deacon, secretary of the Western Association of Mechanical and Electrical Engineers, addressing members of the Trades and Labor Council Monday evening.

He was speaking against renewal of the Calgary power agreement.

H. H. Parke, K.C., counsel for the power company, who was present at the meeting, was invited to attend a subsequent meeting to place the company's position before the delegates.

### ATTACKS FIGURES

Mr. Deacon also claimed that the argument that the city would save \$57,000 through the agreement was erroneous as it was based on the assumption that \$120,000 would be required for new equipment. He expressed the opinion that extension requirements would not cost that figure.

Dealing with maintenance costs Mr. Deacon stated it would only be necessary to add three men to the boiler room staff to take care of requirements, and that the cost of coal would only be \$80,000 on 1924 power production.

### STRIKE APPEAL

O. C. Doolan, Communist strike leader, admitted the strike could not be carried to success unless the strikers themselves gave full support. He asked for endorsement of Mayor Clarke against peace-picketing, and requested that the strikers go to the mass meeting at the Market square on Wednesday night to protest this action.

The request was turned over to the executive for permanent action, no decision being given by the delegates.

### Social Creditors' Election Choices Chosen At Odds

OLDS, May 21.—With 134 delegates present here Saturday afternoon, the social creditors nominated the following four men, from 10 put up to go before their leader, Wm. Abernethy, and the committee to decide a candidate for the Olds provincial election: H. A. Huxley, P. M. Dunsen, Trechu, Eric Poole, Bowden; C. C. Laing, Harnett.

Mr. Dunsen, who dropped out, was Norman Cook, Olds, E. Wiggins, Sundar, A. Fray, Huxley, George Smith, Wimbrow, Mr. McDowell, Trechu and Jack Strath, Trechu.

It took six ballots to decide one candidate being eliminated with each ballot.

There was a large mass meeting in the evening when the large rank arena was packed and many turned away when Dr. C. W. Huffman of Calgary was the principal speaker, supported by the Gardner brothers.

Mr. C. W. Kallgren, Green entertainer and Billy Harris, tap dancer, Mr. Poole and Mr. Ash gave short speeches. C. R. Laing was chairman. It was one of the big, best meetings ever held here in the interests of Social Credit.

### Unseen Marksman Wounds Presbyterian

GUELPH, Ont., May 21.—What Jas. Givannetto would like to know is who had it in for him.

Walking near his home, Givannetto heard the discharge of a gun. He also felt a searing pain in his thigh. A .22 calibre bullet was removed from the flesh when the 46-year-old man was taken to hospital.

He held police but had no idea who his assailant might have been.

## Here's New Child Star For Films

With \$100 in cash, cups, medals, permanent waves, necklaces and 32 awards of merchandise to be taken by the winner, the city is due to see herds of school and failed livestock when the boys and girls of the Edmonton Child Club lead the four-footed friends into the Arena building this week.

Competition for the young showmen is open to all boys and girls of ages between 12 and 20, who live within a 50 mile radius of the Edmonton post office, which will act as a dividing line between the two sections east and west having duplicate prize-lots.

Organizers of the competition promise a big day for the young visitors, an ice cream treat to be provided by the Westminster Dairy during the lunch hour, a show at the Strand theatre and supper at the American Dairy lunch. Following judging at 10 a.m., the calves will be auctioned off and butchered.

## 12,840 Out Of Civil Service

OTTAWA, May 21.—Since July 1, 1929, a total of 12,840 temporary, permanent civil servants have been "separated" from the service by reason of dismissal, superannuation, contract or other causes.

Turned Monday in the House of Commons. The dismissals totaled 678.

## Campaign Who's-Who

Thumbnail Sketches of Candidates in the Provincial General Elections.

By T. B. WINDROSS

Of Scottish ancestry, David Nelson, Liberal nominee for the Bow Valley riding in the provincial elections this year, was born in Canada, at Galt, Ontario, on August 17, 1879.

Mr. Nelson's parents came from Scotland in 1829, the year he was born. He received part of his early education in Azmer, and later went back to the Old Country.

He studied and worked for some time in the United States, Mexico and Australia, coming back to Canada and settling in Alberta 19 years ago.

He became associated with the Western Stock Ranchers and the Business Farming Company, as ranch manager, operating one of the largest ranches and farming concerns in western Canada during the Great War.

After having this concern he began farming for himself in the Calgary district and at present works 400 acres of dry land and 400 acres of irrigated land. He has been successful in his farming despite the dry years.

In his public affairs, Mr. Nelson has been chairman of the Calgary school board, and a councillor of the Blackfoot municipality for the last four years. He is president of the Bow Scouts organization in his district.

He has taken an active interest in politics as a Liberal ever since reading in Calgary and is a popular choice for candidate.

Mr. Nelson's hobbies may be claimed as reading and travelling.

As a young man he became interested in seeing other countries, and learned his fondness for books.

## Forty-Nine Interred In Historic Cemetery With Great Pomp

MOSCOW, May 21.—The people of Moscow, in one of their greatest demonstrations of public grief, trudged to the New Viginsk monastery last night and deposited the remains of the 49 victims of the Maxim Gorki disaster in crypts and graves.

While a band played patriotic dirges and relatives stood in tears, 42 urns and seven red caskets were borne solemnly into the quiet old cemetery adjoining the monastery where Peter the Great is said to have exiled 300 assassins more than two centuries ago.

The remains of Piotr Nikolai Maxim, who caused the worst airplane disaster by crashing into the Gorky, while standing in violation of orders, found a place of honor in burial with the others.

Although he had been held up in the public as an "air hoodlum" his ashes lay in state with the others when Joseph Stalin, dictator of Soviet Russia, came to his turn as guardian of honor in the hall of columns of the labor union house.

Between 300,000,000 and 350,000,000 pairs of shoes are manufactured in this country annually.

## Only a Stupid Wife Prejudices Children

DEAR MISS DIX—I have a nice capable wife and we get along better than the average. Our only trouble is over our children, aged six and three, who have to be occasionally punished when they are naughty. When their mother does I never interfere, but when I punish them they rush to her and she claps them to her breast and cuddles them. This cuts me to the bone, as I love my children and want them to grow up as happy and contented as possible. I feel that my mother to plant such thoughts in their minds. Is there anything I can do about it?

Answer:—Little, unless your wife has enough intelligence to be brought to see the error of her ways and realize that not only is she hurting you, but she is doing the children an irreparable wrong. And it is a pretty hopeless thing to try to get a mother to see her faults when she is so sure that her children are concerned.

Dorothy Dix  
Why women who have plenty of sense and good judgment about other matters use none at all of either in dealing with their children is a mystery that nobody can explain. It is just. The stupidest woman in the world can see that any business would be bound to go to smash if two partners pulled different ways. If one deliberately prejudiced the employees against the other, and countermanded the other's orders,

she would know that not only her business would go to smash, but even a smart woman will not recognize that the same principles apply to running a home and rearing children. She will thwart her husband's discipline at every turn, and make his punishments of no avail by pitying and petting the culprits at every turn. She will teach the child that his father is cruel and unfeeling, and that he is to be feared and outwitted, rather than a father to be loved and respected.

Many a girl goes wrong because mother helped her to sneak out the back door to go to some place that father has forbidden. And many a boy grows up into a bar-room loafer because mother pinches the market money to give him the money father has denied him. Mother undermines father's authority and kills their children's love and their reverence for him, then when the time comes when they need a man's strong hand to lead them steady she wonders why they have no influence over the children.

Raising children properly in these days is a hard job and one that takes a man and a woman working together and backing each other up to pull it off. Neither one can do it alone.

DOROTHY DIX  
DEAR MISS DIX—We are a poor couple who live in the country out of house and home by week-ends. In addition, my husband has been sick and I am fat.

## Skips To Keep Fit

By GLADYS GLAD  
"America's Most Famous Beauty!" Although the average lass does not realize it, many of the cinema stars in Hollywood have their figure problems just as non-professional girls do. But Alice Faye seems to be one who does not have to worry much about her weight. She doesn't believe in exercise is best to keep her figure youthful. But at the same time, she never goes herself on any food, which I imagine is one reason why exercise seems sufficient to keep her figure perfectly proportioned.

Take it from me, it's a wise baby who chooses a sensible method of dieting and exercising routine such as the one outlined in my "New Figure" booklet, for instance, is an ideal type, because it is well balanced. However, the woman who likes to plan her own menu, calorie counting is a good procedure to follow in restricting. No, a girl eats the proper foods in the proper amount, and balances her meals well, she is bound to lose weight effectively. And with a good calorie chart, she'll not find it at all difficult.

What's What

Question—Were going to Europe (the first time) in July. We're both foreign-born, but came over here as children. I applied for and was granted American citizenship when I was 21 years old. My wife (born in England) lived in Canada with her parents until our marriage. Now, how can she obtain citizenship, via, etc. How many will be required? We've read your advice to voters about traveling clothes, tips, etc. and will follow your suggestions in these matters as well as in the passport business. We appreciate all your help.

OSCAR AND MRS. OSCAR  
Answer—You, Mr. Oscar, will travel as an American citizen in accordance to a recent change in immigration law.

Question—Are friends kept by dignity or by jollity? I've tried both methods, unsuccessfully. TOM  
Answer—As Peter Richard said, "Friendship cannot be bought with money nor without civility." Real friends have no need of assuming dignity, and have no taste for "jollity" whether that means continued feasting or habitual flattery.

## A BEDTIME STORY

Story by HAL COCHRAN Pictures by GEORGE SCARBO

It wasn't very long until the "Bing-bong and boom" was heard. Billy, quite a while they'd been out. Once Doty "woke and shouted, 'Start! Please, Copsy do not start that way. You must be having a bad dream, the way you squirm about.'"

Way Copsy didn't even peep, and Doty soon fell back to sleep. Then

(READ THE STORY THEN COLOR THE PICTURE)

came a "Who-o-o!" from up above. It was a great big owl. Brave Scouty sat up, with a start and said, "You'll you please depart! How can a person rest when you sit on a limb and howl!"

Once more the owl said, "Who-o-o-o," and then it flew right out of the window when a stick was thrown in its direction. This made Scouty smile.

"Though he, 'I'll try to sleep some more, though, likely, more who-o-o-o' are in the way. I am bothered just one more, I'll chase that bird a mile."

Then to the horse he quickly went. "Get up," he loudly cried. "I am your master, so obey! You must be a fool if you don't go to sleep."

At first, the horse behaved real well, and then it ran around pell-mell, and kicked its legs high in the air. This woke up everyone.

Wee Goddy laughed and loudly cried, "O-o-o, I'm tired to sleep, and now he's being tossed around. I hope he's having fun."

(The horse runs away in the next story.)

MEAT CAN BE ECONOMICAL DISH  
By MARY E. DAGUE  
This year meat is high, and so it behooves every one of us to use it wisely. The initial meat cost per pound is determined by supply and demand, and naturally is controlled by the home-maker who has the control of the waste due to thoughtless cooking. It seldom is cooked to give it its full value.

Sister Mary E. Dague  
HAS FINE FLAVOR  
Yet it has a fine flavor and if properly cooked it is just as desirable as the leanest.

Trimming the meat from the fat and put this piece of fat in a small bowl. The fat from the choppper is a waste. A few drops of oil and a few grains of pepper. Mix with a few dried bread crumbs and add one or two tablespoons milk. Stir lightly with a fork until thoroughly mixed and shape in a small cake the thickness of the steak.

Put the cake into the oven and bring the fat and the fat around it. Run a skewer through the fat and meat cake into the loin of the steak to hold it securely. Broil as usual. Remove skewer after steak is on platter and before sending to the table.

Rub lamb chops are cheaper than loin but they, too, may be served just as attractively if broiled and rolled. Ask your butcher to French the chops for you. To do this he will scrape the meat from the bone. Then you can dip them in the bit of backbone and curl the meat around the bone. The rest of the chop. Fasten with a skewer and broil as usual and remove skewer before serving.

Miss Markel will promptly mail personal answers to questions from any readers including with their questions self-addressed, 3-cent stamped envelopes.

## Your Children -

By OLIVE ROBERTS BARTON

I am not an authority on twins. All I know about them is that one birth out of a hundred is double, that twin-bearing is considered hereditary, and that there are different kinds of twins, some looking alike being called "identical," and the "other kind," although, of course, there is a name for them, too.

Once in a while, however, the mother of a pair will come to me for advice. Why, I don't know. I try to plead off, usually.

The latest problem brought me was that of the lady who had three boys three years old—the "other kind," she explained.

They do not look alike at all, she said, as twins are supposed to.

The reason twins are called "other kind" is, I think, by the way, is largely due to the fact that their environment and conditioning and experiences are identical, because even though they may look as much alike as two front teeth they can differ in disposition—and so.

BILLY BULLIES BOBBY  
Well—this lady's little boys neither look nor act alike. She was worried because Billy is a regular little scamp with an awful temper, selfish and domineering, while Bobby is a perfect angel.

Only judging by my own feelings, I would want to be alone with him, I'd want to be away as much as possible. Especially if the door and I don't get along.

"I think the boys are together too much," declared the lady thoughtfully. "I wonder how they are doing."

## R.B. SPEECHES EVADE MAIN ISSUE POINT

### Election Campaign Intention Listeners Are All Disappointed

OTTAWA, May 21.—Premier R. B. Bennett returned to the House of Commons Monday afternoon to make two or three speeches, but failed to clear the air on the leading political question of the day—whether he would continue to lead the Conservative party through the election campaign.

#### SEATS AT PREMIUM

Gallery seats at a premium at the opening and the Prime Minister was greeted with acclamation from all sides. Two political leaders, Macdonald and Maclean, and expressed how his health would continue to improve. Mr. Bennett said London doctors had told him he had recovered full health if he took care of himself and he also warned the house he might not be able to grapple with public affairs with his accustomed vigor and zeal. But that was as far as he went.

#### MAY LACK REAL

"I may not be able," Mr. Bennett proceeded, "to give to public business that measure of attention and that strength of purpose that sometimes have characterized my conduct, but I shall do my best while I am here to make clear what my appreciation of the situation may be with regard to the legislation that will engage the attention of the house during the balance of the session."

### Kivancians Hold Ex-Member Day

With J. W. Glenwright, a president of the Kivancians in 1926, in the chair, 80 regular and past members of the present luncheon meeting held in the Macdonald hotel, Monday noon.

A mock executive meeting, similar to those held in 1926, was held, with all members participating.

#### 97 Judges Named

OTTAWA, May 21.—A return tabled in the House of Commons Monday announced that since July, 1900, a total of 97 judges in various branches of the judiciary have been appointed to positions for which the salary is \$5,000 a year or more.

## CALDER ARSON CASE TAKEN FROM JURY

### Court Rules Crown Failed To Produce Evidence Of Guilt

Stating there wasn't a "scintilla of evidence to go to the jury," Mr. Justice Tuckwell Monday discharged Mr. Victoria Calder, Calder resident on a charge of burning a Calder home, of which she was an occupant on September 26, 1934.

At the conclusion of the crown's case the court told B. G. Cogwell, K.C., crown counsel that in his opinion the crown had not only failed to make out a case but had attempted to produce evidence as to the character of the accused that might have poisoned the minds of the jury.

Testimony of Fire Marshal Jack Booth and J. Loon, provincial fire investigator, was that a bundle of sticks and a copy of the Edmonton Bulletin, dated September 26, had been found between rafters in the attic after the fire.

A statement made by Mr. Loon and James Smith, investigator, for the provincial relief department was ruled out by the court.

There is absolutely nothing to connect these overt acts, the court said, with the fire.

"It is to be noted that the woman gathered sticks and placed them between the rafters. If any one saw her gathering the sticks and knows that she purchased a Bulletin bearing the date in question or that she set a fire, then there ought be evidence to go to the jury, but this has not been done."

DISCHARGES ACCUSED  
His Lordship then dismissed the jury until Tuesday morning and formally discharged Mrs. Calder.

M. Romanuk, acted for the accused and asked only one or two questions of any cross-examination.

The conflict between a daughter and her parents who don't approve of the man of her choice is given a new and dramatic twist in Daphne Hawthorn's "Woman in the Dark," which is showing today at Thursday at the Rialto theatre.

In the story of dangerous romance, as Hawthorn describes it, Helen Gray, the daughter of the town sheriff, is in love with John Bradley, who is a parole after serving a prison term for manslaughter. It was Helen who originally got into the fight that ended in his being sentenced.

Sheffield Gray, very much aware of his daughter's interest in Bradley and unaware of her parole, disapproves of the match. He is a man who will throw himself upon his chivalry.

The added feature on the same program presents Will Hay, famous English comedian, in "Dandy Dick," a travesty, "Cuba," complete a very good show.

U.M.M.A. Asks Relief Pay Pending Decision Of Existing Deadlock

Taking strike exception to the city's action in cutting off relief unemployed who refused to work during the present strike, J. McPherson, speaking for the Executive Committee of the U.M.M.A., said that the committee would not return to work until relief was restored. It was further stated that Mr. McPherson, who had been looking upon this form of labor as exploitation of jobs by the city.

Representing the Unemployed Movement Association, J. McPherson, president, urged the committee to recommend suspension of city council's order to cut striking unemployed off relief until such time as the committee had arrived at some definite decision with reference to the deadlock. The matter was taken at Monday's meeting on this suggestion.

Relief cases out on strike numbered 820 at the present time, Mr. McPherson stated. Spokesman for the ex-service men strenuously protested the employment of "strike scabs" on relief work. He claimed that organized labor was being exploited by the city for those who did not want to fight present conditions, and that the city was being exploited by the city for those who did not want to fight present conditions, and that the city was being exploited by the city for those who did not want to fight present conditions.

WANT TO WORK

Objection to the use by Mr. McPherson of the word "scab" was made by Mr. A. B. Macdonald, chairman of the relief committee. He stated that the word "scab" was not used in the city's order, and that the city was being exploited by the city for those who did not want to fight present conditions.

Mr. Rogers, who was in charge of the relief work, stated that the city was being exploited by the city for those who did not want to fight present conditions. He stated that the city was being exploited by the city for those who did not want to fight present conditions.

Willing to Slash Interest Slightly But Refuses Principal Cut

"I can see no reason why I should take a reduction in the amount owing me. I am willing to reduce the interest rate to five per cent, but not to reduce the principal or accrued interest, stated a creditor appearing at the meeting of the Farmers Creditors' Arrangement act Tuesday evening.

OWED \$11,900

The hearing evidence in connection with an application of a debtor farmer from the Calgary district who owed approximately \$11,900 of which \$10,000 was secured by a mortgage on his farm. A substantial reduction should be taken on the mortgage in this case as the loan had been for \$12,000 and there was now owing \$11,900. The amount to be reduced to \$4,000 was suggested by the creditor.

ONLY CONCESSION

The only concession he would make was a reduction in the interest rate from eight to seven per cent. He stated that he would be able to make a concession of five per cent on the interest rate. The case of a Port Alberni farmer, who owed \$11,900, was also discussed. The case of a Port Alberni farmer, who owed \$11,900, was also discussed.

## WHEAT FIRMS DESPITE DROP AT LIVERPOOL

WINNIPEG, May 21.—Wheat prices held surprisingly firm on the Winnipeg Grain Exchange today against sharp setbacks at Liverpool and continued dearth of export demand for Canadian wheat. Values closed unchanged, May 25's, and July 25's, with May 25's at 43¢ and July 25's at 41¢.

Shipping from an undetermined source absorbed the light selling and for most of the session futures held above the previous closing levels or only small fractions lower. Oil operations were quiet and export sales negligible.

Liquidation at Liverpool induced by improved near crop prospects sent prices there 1½¢ lower. Buenos Aires was 1½¢ lower at noon.

Prices after receiving early losses was steady.

## LOANS \$80,000 IN DISTRICT

under the Farmers' Creditors' Management Act on Monday, and only 75 per cent of this amount could be collected at a very liberal estimate. The figures were given by a past president of the loaning association.

He also stated that the amount owing was owed by 35 farmers in the district, and that \$4,500 had been paid to four members of the board of the society. He also admitted that loans had been made to relatives of the members of the board.

This evidence was given during a hearing of a case of a farmer seeking a reduction in \$12,000 of taxes, who owed the society approximately \$4,000. At the time this was made the president of the society was the brother of the farmer but it was pointed out that the father had strenuously opposed making of the loan on the ground his brother was insolvent, and his judgment had been overruled by the other members of the society.

ners would have been better off if they had not been able to secure credit, as they had expended too optimistically in the boom years of 1928 and 1929.

Mr. Justice Ewing, chairman of the board, said these advances were asked by the provincial government, and that he saw no reason why the province should not take heavy reductions as those provided for other creditors.

Red Sox Star Is Freddie Ostermueller This Year

His slants are helping Boston to stay right in pennant fight.

There will be baseball haunts for the amateur fraternity not taking in summer resorts or other sport attractions on Friday, May 24, and it's to be at Fenway Park.

However, the program will not be the same as on previous occasions on this date, but with a brace of Junior League teams trooping out onto the diamond for Victoria Day baseball.

The reason for this being, that the seniors are not yet prepared to take the field, still winging their verbal battle.

Army and Navy juniors, last year better known as "Grits" will clash with the strengthened Junior Edmonton team in the opening Friday, while the Junior executive has also billed a Sunday afternoon game at the park below the hill. On Sunday the strapping young Army Bears are meeting for the first time this season and their rivals, the Army and Navy Grits.

For a little more than three weeks your agent has watched the junior teams go through their drills, and they did so with great success, proving they are well prepared to start the long schedule for the 1935 campaign.

The surprise feature of the training, took exceptionally strong again this season, and Coach Patton has rounded into shape a sturdy band of youthful sand-lotters.

The surprise feature, and it's a pleasing one—the fine showing of the strengthened North Edmonton team.

Last Sunday the northern juniors went out of their class to hand their riders intermediate brothers a 3-5 defeat, and that's something for the other three junior clubs to worry over.

The success of the Junior League after two fine seasons of campaigning, bids fair to bring it to its best for this third and crucial year.

Once again high schools of this city have taken up baseball, successfully organizing a four-team league, and to the Junior circuit goes a great deal of credit for this.

The greater majority of the players in the high school league are all playing in the junior circuit, and it has been the splendid work of the league executive and the players themselves who have revived the sport in these leagues of lesser prominence.

With the passing of two seasons the brand of ball played by the juniors has rapidly improved.

It should be still better this season as practically all of the same players will be in action.

There is no hope to be gleaned from the provincial brawl in regard to the senior situation.

The fight for supremacy on Boy's still drags on and the hopes for action within the next two weeks are practically nil.

One other baseball problem—that of naming dates for the three leagues, playing on Boy's Street—is practically cleared up. It is undecided.

The argument over playing dates at the 93 street stadium has been a heated one, but the hopes are that the

In Action On Boxing Card Here

Elected Head of Athletic Club at Annual Meet Held Last Week

Charlie Smith, well-known local athlete and former lacrosse star, was elected president of the Edmonton Athletic Club at the annual meet of that organization held last week.

Mr. Smith succeeds Kenneth P. Duggan, who held the office during the 1934-35 term.

Harold E. "Bud" Williamson, popular baseball and gridiron star, was named to the position of vice-president of the club, succeeding Jack Dea, who occupied the post for the last two seasons.

Eric "Buck" Duggan, former gridiron luminary and coach of the E. A. C. junior Canadian football squad, was elected secretary-treasurer for the ensuing year. He succeeds Joe Baker, who has held the office since the organization of the club, but decided to retire, this year.

Members elected to the board of governors are: Jack Dea, Harris McDonald, G. Montgomery, John Patrick, Walker Taylor and Ken Duggan.

The retiring president, Mr. Ken Duggan, reports a highly successful year in so far as sponsoring various athletic teams was concerned. The club operated junior, juvenile and mid-level hockey teams; a junior baseball team; a junior Canadian football team; as well as various intra-club sports.

## Pat Meehan, Garry Prove Successful In Title Tourney

With 35 bouts on the program, the Dominion of Canada amateur boxing championships will commence at the Arena tonight, the first encounter getting under way at 7:30 o'clock sharp. Many Canadian and international champions will appear in the many bouts scheduled, and some highly interesting action is looked for.

Canadian Championships Evenly Divided Between Eastern and Western Canada—Eight Titleholders Are Decided

Two Dominion wrestling championships will rest in Edmonton for the ensuing year as a result of victories scored last night when the Canadian boxing and wrestling titular meet got underway at the Arena.

Pat Meehan, rugged city policeman, won the heavyweight championship of Canada, while Jack Garry, making his first bid for Dominion honors, captured the lightweight title.

A third crown might have been up with an Edmontonian had not Fred Edmondson suffered an injury in his third bout of the night and had to default his fourth match, which happened to be the final of the welterweight division. This resulted in the title in this class going to Joe Schlemmer, of Toronto, by default.

## GIRLS START '35 BASEBALL SEASON HERE

Orange Crush Will Play Eskimos in Official Opener Tonight

After a delayed start the Girls' Senior Baseball League will officially open tonight at Boyle street, when Orange Crush and Eskimos team in their first scheduled game. The game is billed to commence at 8:30 sharp. Mayor Clarke and Ald. Sam Margaret, Orange Crush president, will officiate at the opening.

Orange Crush, the year titleholders have a real strong club this season and are all set for the opener. In a practice game two weeks ago, they defeated the Eskimos 12-2 last Tuesday and looked right smart in going so.

Eskimos also defeated the local merchants in an exhibition affair by a more impressive score and should be worthy opponents for the girls' team in the real league title. They should prove a real struggle in their clash tonight.

## MECHAN VICTORIES ARE IMPRESSIVE

Meehan, last year Canada's heavyweight contender at the British Empire Games in London, and a favorite of the take his division, made certain of taking the title by two impressive victories, each by the one-fall route.

He first whipped George Chiga, former Regina Baseball League star, by whipping first Jim Yates, of Victoria, B.C., came back to whip Jim Simpson, of Regina, in the semi-final; and then wound up with a nine-minute domination in the best match witnessed on the locally program.

Jack Garry, one of two Edmontonians competing for honors in the tournament, triumphed in his class by whipping first Jim Yates, of Victoria, and then coming back strong to beat Tom Gagen, of St. Thomas, Ontario. He was impressive in this class, and won by a decisive margin in each.

## JIMMIE DYKES CONFIDENT OF FIGHTING SOX

Not Hoping Pennants But Hoping That Pace Will Keep Up

NEW YORK, May 21.—Jimmie Dykes, back in the big town to take a bow with his front-running Chicago White Sox, may be a little surprised himself to find his club setting such a dizzy spring pace but he won't admit it, even after absorbing an evening blast from the Yankees.

"I'm not claiming any pennants in May with an outfit that finished in the cellar last year," smiles the chatterbox Sox pilot, "but neither am I making any secret of the fact we are a while better ball club and aiming to give 'em all a scrap the rest of the season."

"On me, Jimmie you tell 'em," joshed his old companion of championship days with the Athletics, Al Simmons. "You better take advantage of your opportunities now, with all these newspapermen and photographers giving you such extra attention."

By no means reluctant to take the flow again, Dykes continued:

"It's like this and it's very simple. We are getting more hitting and better pitching than we expected and the whole club is hustling with renewed spirit."

"The big difference with the club compared to last year, is the way our infielders have developed. Haynes and Appling have filled big holes and they are both hitting, especially Haynes. They can, Louie Sewell's catching has looked the whole picture. He's had a lot to do with the sensational work of Johnny Whitehead, our recruit star."

## Norwood Juniors, Seniors Practice

Tonight at Victoria high school grounds at 7 o'clock the Norwood Royals and Norwood Juniors will hold a practice and all players of both teams are requested to turn up.

Junior League and Big Five will alternate on Monday and Friday nights and Wednesday and Sunday while the seniors' league will remain unchanged with three evenings, Tuesday, Thursday and Saturday.

## SOUTH SIDE HAS SOCCER TRIUMPH

South Side's clever little Bantam soccer eleven took a clean 1-0 triumph over Beverly last night at the South Side Athletic grounds, and in taking their margin they were forced to the very limit by Beverly's cleverness.

Both teams played a clever game with the scoring being done in the first five minutes of play. For the remainder of the game defense lines were sturdy and goals kept a clean slate.

Billy Wilson was the hero. Side here, getting his marker on a well placed pass from the left wing. Billy made no mistake in his shot after successfully taking the first pass.

Both back lines proved brilliant and the game was as close as the score would indicate.

## MECHAN-LITTLE FEATURE

The Mechan-Little bout was the feature of the card as they met to do battle for the heavyweight crown.

Meehan was impressive right from the start, twice in a row knocking the big Regian from his feet in approximately six minutes.

The bout gave the fans their biggest thrill of the evening, although they cheered with delight over the title bout brought Mechan and George Chiga. Formerly a favorite of the fans, Mechan, of Chicago, stout and sturdy, proved a most formidable opponent for Meehan and did not succumb until six minutes and 37 seconds of the hardest fought round passed into history.

Then later on the program, Meehan was again Little, whom he defeated on two occasions last year. Edmondson, Irishman, was

## Chicago Cubs Win As Infield Gives Fine Performance

Jurges, Cavaretta Have Four Double Plays, Three Hit Each

CHICAGO, May 21.—Four double plays and three hits apiece by infielders Bill Jurges and Phil Cavaretta led Chicago Cubs to a 5-0 triumph over Boston Braves in the opening game of the series Monday. Backed by excellent fielding, Bill Jurges pitched a six-hit shutout. Allowing only two Braves to go to second base and none past. Babe Ruth making his first appearance in Chicago as a National League player left field during the first 5 1/2 innings of the game. In batting practice he drove in a couple over the right field wall, but he could not hit his 153 batting average against Lee.

## Plan First Games For Renfrew Park On Friday, Sunday

Army and Navy Grits Will Play North Edmonton Friday, Meeting Arrow Busses on Sunday

Baseball gossip, tossed about in no certain manner over a stormy sea of controversy, caused by bitter overtures from three leagues, was more definite in the junior circuit today. Aided by the management of Renfrew Park, the barrier will be raised on the Junior League front Friday, May 24 with a second game on Sunday, May 26, it was announced by league secretary Bill Harris last night. Both games will be played at Renfrew Park, and will start at 3:00 o'clock.

**ALL TEAMS ARE WELL PREPARED**  
 Define negotiations between the junior executive and the park management were reached late Monday and it took vice-president Dave Little and secretary Bill Harris only a short time to complete the plan. The executive received ready response from the team, and Army and Navy Juniors better known as "Grits" last season, are scheduled to meet North Edmonton's strongest team, the Arrow Busses, on Friday, while on Sunday Arrow Busses swing into action against Army and Navy club. Safeways, the fourth entry in the league will probably play on Wednesday.

**OTHER DATES UNKNOWN**  
 Remained playing dates for the Junior League schedule have not been announced as yet, owing mainly to the verbal battle being waged for playing dates at Boyle Street. It is however the opinion of the league that the games will be finished away with the Junior League on Sunday and Wednesday, Monday and Friday dates.

**CLUB TO BEAT**  
 Army and Navy club have also shown fine form in the past seasons and the pre-season display figure that they are the club to beat. They are much stronger than last year and should be a real surprise to the remaining club.

**CHINOOK RACES OPEN TOMORROW**  
 CALGARY, May 21.—Fine weather and plenty of horses promise a successful meeting for the Chinook Park track, which opens here for the first time since the war. The first mile track in the middle west, which has been built by the racing on the circuit. It is also the race of the Alberta derby, which is to be run on the track.
